

ROUTING GUIDE

Canadian Forces Base/Wing/Unit Locations

Emplacement des bases, des escadres et des unités des Forces canadiennes

SHIPPING INSTRUCTIONS

1. This guide is provided to ensure that merchandise purchased by CANEX is mailed/shipped by the most economical means consistent with required delivery dates.
2. **All shipping instructions on pages 1 – 3 apply to FOB warehouse suppliers only, except** if the supplier has their own economical means of shipping which have been approved by the appropriate Category Manager.
3. **All FOB destination suppliers (prepaid)** should use the CANEX Routing Guide for CANEX addresses and contact found on pages 4 – 13. Prepaid suppliers are responsible for shipping charges to Goose Bay, NF.
4. It is imperative that the shipping instructions in this guide or on each purchase order be followed exactly.

NOTE: The only transportation companies approved by CANEX are: Canada Post Commercial Parcel Services, CANPAR, Clarke Transport (east/west) and Cabano>Kingsway (Ontario/Québec). Failure to follow these instructions will result in excess charges being charged back to the supplier.

5. Parcel Post and CANPAR are the most economical means of shipping small parcels to all locations.

PARCEL POST Up to 30 kg – (66 lbs)

- | | | |
|--------|---|---|
| Air | - | Maximum length, width or depth – 1 metre (39 inches) |
| | - | Maximum length plus girth – 2 metres (78 inches) |
| Ground | - | Maximum length, width or depth – 1.1 metres (43 inches) |
| | - | Maximum length plus girth – 3 metres (117 inches) |

CANPAR

For shipments of a single piece to any one location from 30.5 kg (67 lbs) up to 34 kg (75 lbs):

- | | | |
|--------|---|---|
| Ground | - | Maximum parcel weight 34 kg (75 lbs) |
| | - | Maximum length 2.7 metres (108 inches) |
| | - | Maximum length plus girth 3.5 metres (140 inches) |

For shipments of multiple pieces to any one location up to 227 kg (500 lbs):

- | | | |
|--------|---|---|
| Ground | - | Maximum parcel individual weight 34 kg (75 lbs) |
| | - | Maximum individual length 2.7 metres (108 inches) |
| | - | Maximum length plus girth 3.5 metres (140 inches) |

Maximum Shipment - 25 packages or 227 kg (500 lbs) per Pick Up Record line

NOTE 1: In order to qualify for the more favourable multi-piece rates, the total number of packages, not exceeding 25 pieces, going to one location on the same day must be entered on one line in the CANPAR pickup record book. Do not list the packages separately unless the number of pieces exceeds 25. In that case, list the 25 pieces on one line of the CANPAR pickup record and the remainder (again not exceeding 25 pieces) on another line.

If it is not physically possible to combine the packages and they have been listed separately in the pickup record book, all that is required is that a total of all packages going to one location that day (not exceeding 25 pieces) be recorded on a new line of the pickup record and all previously listed shipments, which are now part of the combined shipment, be crossed off.

Excess freight charges incurred, as a result of not combining shipments as outlined above, will be charged back to you.

NOTE 2: Merchandise shipped via CANPAR is not to be insured unless specified otherwise on the CANEX purchase order.

NOTE 3: Suppliers who have been set up with CANPAR accounts, will find that these accounts will be put on temporary hold if they become inactive. Please contact CANPAR 48 hours prior to shipping, to reactivate account, thus allowing CANPAR to add you to their route to accommodate pick up.

CLARKE TRANSPORT/CABANO>KINGSWAY

6. The transportation of goods, which are greater in size and weight than the maximum allowed by Parcel Post and CANPAR, are to be shipped via the following means:

<u>Freight Carrier</u>	<u>To</u>
Clarke Transport	All CANEX locations in British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick and Nova Scotia. Goose Bay, NL – see special instructions on page 3.
Cabano>Kingsway	All locations in Ontario and Québec. Goose Bay, NL – see special instructions on page 3.

EXCEPTIONS

7. Customer owned items such as repairs or small valuable parcels such as jewellery etc., must be insured and shipped via registered mail or an alternate method, which provides for signature.

8. Unless otherwise indicated:

- a. All shipments must be addressed to the appropriate mailing or shipping address indicated in this Guide, commencing on page 6;
- b. All Clarke Transport and Cabano>Kingsway waybills, invoices, statements, etc., are to be sent to the individual CANEX stores receiving the merchandise;
- c. All waybills must indicate number of pieces, weight and cube; and
- d. All regular shipments are not to be insured. Therefore, value must not be recorded on waybills. If value is recorded and the shipment is insured, prior approval must be obtained from the CANEX Category Manager.

ATTENTION

9. Special routing instructions are recorded for NATEX, Germany (see page 13).
